## Education

VIT Bhopal University

BTech

Major in Computer Science

Cumulative GPA: 8.82/10

Bhopal, Madhya Pradesh

Expected May 2026

## Skills

**Programming Languages:** C++, HTML, CSS, JavaScript

**Technologies and Framework:** ReactJS, MongoDB, TailwindCSS, BootstrapCSS, Git/GitHub

## Internship

**HPE CTY Summer Intern**

Feb 2025 - Ongoing

- Gaining hands-on experience in AI-driven log analytics, working with **5GB+ multi-structured IT logs daily** to develop automation that reduces manual efforts by **60-70%**.
- Building **real-time dashboards** with microservices architecture, accelerating **root cause analysis (RCA)** and **anomaly detection** for enterprise IT systems.
- Collaborating with HPE experts to refine **AI clustering and MoE classification**, improving **cybersecurity compliance and automated threat detection**.

## Projects

**Stay Heaven**

Jul 2024 – Dec 2024

[ReactJS, TailwindCSS, Framer motion, ExpressJS, MongoDB, NodeJS, Socet.io, Nodemailer]

- Developed a streamlined booking process to enhance user satisfaction, with a goal of achieving a **95% positive feedback** rate.
- Integrated AI-powered booking assistant that **automates 60% of the booking** process and provides personalized recommendations, resulting in a **25% increase in booking rates**.
- **Enhanced** listing quality by **integrating a seller dashboard** for property uploads and an **admin panel** for approvals, ensuring **100% verified and high-quality listings**.

**MyDen**

Dec 2024 – Ongoing

[ReactJS, TailwindCSS, MUI, ExpressJS, NodeJS, MongoDB, Gemini LLM]

- Personal workspace web app that combines **10+ essential tools**, voice control, and customization for **efficient daily task** management item.
- Managed tasks **30% faster** with integrated tools like meeting lists, class schedules, and instant news and weather updates, **streamlining** your **daily routine** efficiently.
- Executes tasks in **under 1 second** using **Gemini LLM's voice commands**, enabling **hands-free control** and boosting **productivity** significantly.

**inViCTus**

Aug 2023 – Jan 2024

[ReactJS, TailwindCSS, MUI, ExpressJS]

- **Developed** a unified platform for **10,000+ VIT Bhopal students**, integrating **FFCS planning, faculty finder, and club discovery**, improving **academic and extracurricular accessibility by 60%**.
- **Optimized** course selection by **40%** through an interactive **FFCS planner**, enhancing **efficiency in timetable management** and reducing student workload.
- **Facilitated** peer and alumni networking, increasing **student engagement by 50%**, streamlining **mentorship opportunities**, and improving career growth.

## Achievements

2023 Smart India Hackathon'23 (Internal Hackathon Winner)

2024 Global Rank 4087 out of 35k participants, LeetCode Weekly Contest 424 (Username - harshshukla19)

2024 Global Rank 4944 out of 30k participants, LeetCode Weekly Contest 423

Mastered data structure and algorithm implementations through consistent practice, solving 600+ coding problems on platforms like LeetCode and GFG, building a robust foundation for software development tasks.

Secured the prestigious Reliance Undergraduate Scholarship-2022.

## Certifications

AI club VIT Bhopal: Front-end Sprint Hackathon

Fundamentals of Web Development

Competitive programming & DSA Hackathon
